

We invite all participants to showcase their innovative projects through posters, video presentations, and live demos at Tech Fusion 2025. This is a fantastic opportunity to present your groundbreaking ideas, share your findings, and engage with fellow innovators and experts. All submissions will be displayed in Classrooms 1 & 2. Don't miss the chance to gain exposure, receive valuable feedback, and network with peers and industry leaders. Submit your project today and be part of the revolution in technology!
